| 15  |   | school system day in and day out for the last   |             |
| 16  |   | fourteen or fifteen years. I really didn't do   |             |
| 17  |   | anything particularly special to prepare for    |             |
| 18  |   | the deposition.                                 |             |
| 19  | Q | What has been your involvement in the last      |             |
| 20  |   | fourteen or fifteen years, generally?           |             |
| 21  | A | As a board member serving both as an officer of |             |

| 10 | Α | Nothing that I put together formally. Most of   |        |
| 11 |   | it has been just data that I've informally put  |        |
| 12 |   | together just to keep me on track of what I'm   |        |
| 13 |   | doing.                                          |        |
| 14 | Q | What have you found with respect to that?       |        |
| 15 | А | We're having some demographic shifts in the     |        |
| 16 |   | parish. It has been indicated by not only the   | :<br>  |
| 17 |   | school district, but also between the various   |        |
| 18 |   | censuses, particularly the '90 and 2000. That   |        |
| 19 |   | data is readily available to me so it's easier  | b      |
| 20 |   | to do a more in depth analysis. The other       |        |
| 21 |   | thing is other projects that involve            |        |
| 22 |   | demographics such as reinforcement. I do a lot  |        |
| 23 |   | of reinforcement work and I provided technical  | ļ      |
| 24 |   | assistance for Lafayette Parish reinforcements. | ļ.     |
| 25 |   | Since I was on the board, I didn't think it was |        |
|    |   |                                                 |        |
